At Heart of India, we are committed to
Providing healthful choices.
- We have modified traditional Indian recipes to eliminate excessive
fat, cholesterol, and calories without sacrificing taste.
- We use canola oil or olive oil, which is lower in
saturated fat than other oil
- Boneless, skinless chicken breast are used in most of our chicken
dishes
- We use only superior quality naturally fragrant Indian basmati rice
for all our rice dishes.
- All our breads are baked fresh to order in our
signature clay oven.

1

Screen starts with a FluMist background

All movement throughout animation should be accompanied by the sound effects

2

1st: FluMist Logo from bottom slides up & have dissolve effects or rotate in motion effects
2nd: Introducing Bar slides from top
3rd: Spin intro bar slides from the corner

3

In this frame Introducing Bar have flash in & out effects
1st: Mist Glow slides from the bottom at 45 degree angle
2nd: Dotted Circle slide from angle & rotate & glow

4

In this frame Mist Glow is get bigger & spread glow most more on the animation & Dotted Circle slide from angle, rotate & get bigger glow effects

7

In this frame Illustration of Lady stay still
1st: Mist Glow slides from the bottom at 45 degree angle with softly spraying in & out effects
2nd: Dotted Circle grow from center & rotate glowing effects

8

1st: Type Bar slides from the top
2nd: Type with arrow & Dotted Circle grow from the center

9

Mist Glow moves up & down with softly spraying in & out effects that is right on the nose.

10

In this frame all the stars inside the Temperature Sensitive Area have sprinkle effects.

5

In this frame Mist Glow is get much bigger & spread more glow most on the animation & Dotted Circle slide from angle, rotate, get much bigger & glow more effects

6

Illustration of Lady grow from 0% to 100% in a spinning motion from right side

11

Menu names slide from the top with Dotted circle & settle into place.

12

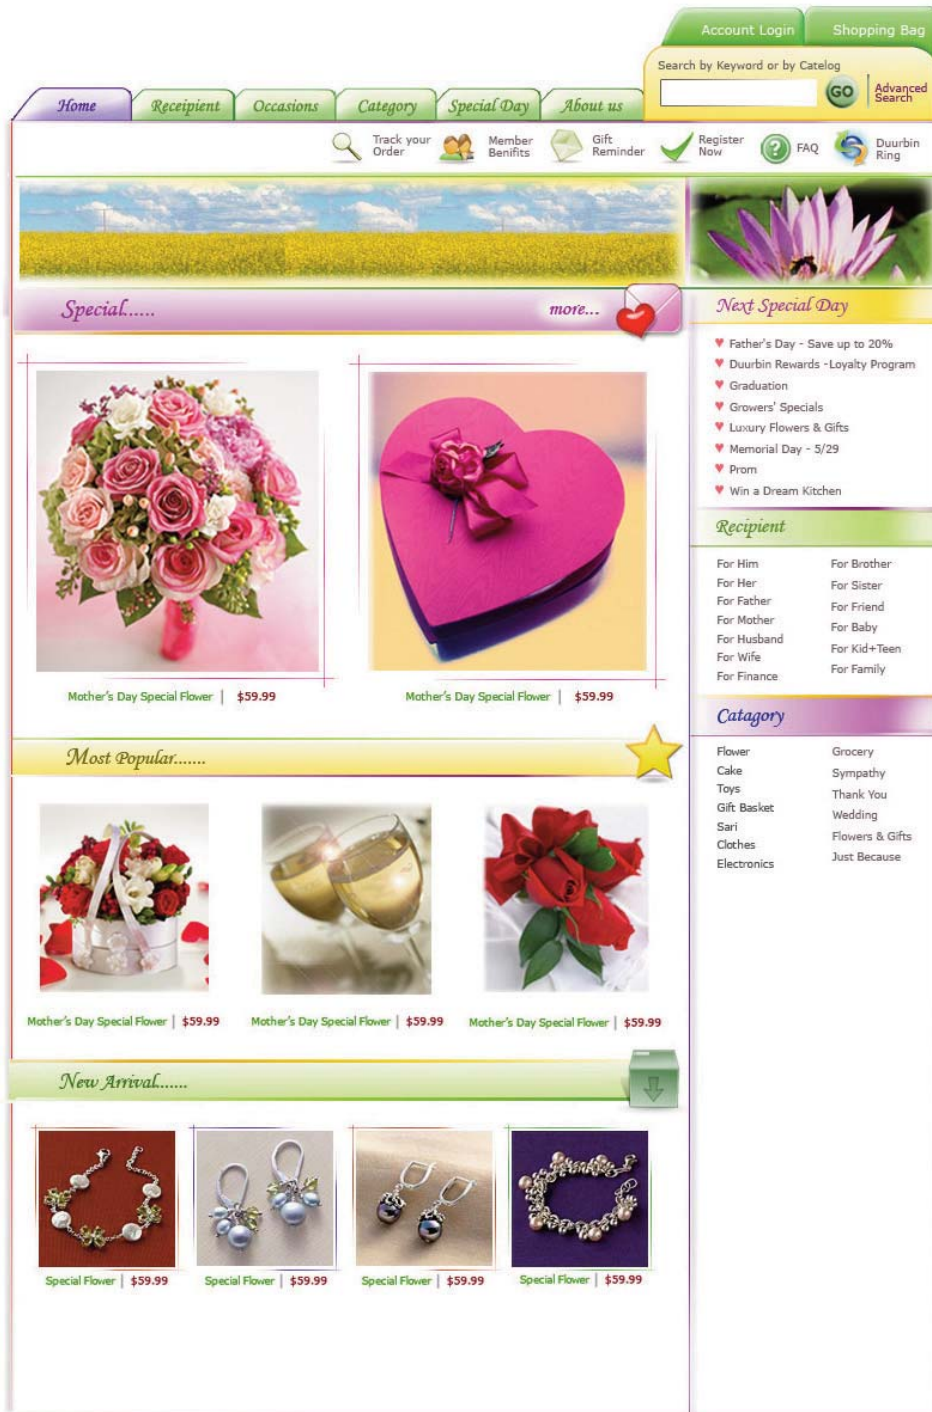

Welcome grow from the center & rest of the text fade in & stay into place
We should be able to see the interface build itself, not just appear already built. And all of this should not exceed 10 seconds.
